

# REALITY'S ENDGAME: THE AI INSANITY SHOW

BY TM KAISER

## Genre & Publication Info

Psychological Techno-Thriller • 2024 • Paperback & Ebook

### The Premise

A groundbreaking AI-powered reality show pushes its contestants to the brink—twisting their memories, identities, and sense of reality. As paranoia mounts and alliances fracture, the line between performance and survival dissolves. What begins as entertainment becomes a psychological crucible, exposing how easily truth can be weaponized.

## Why Readers Love It

- Fast-paced psychological tension
- A disturbing yet believable look at AI-driven media
- Complex, flawed characters
- Twists that challenge perception and trust
- A mirror held to modern social media and digital culture

## About the Author

TM Kaiser writes speculative fiction that exposes the edges of technological influence and psychological complexity. She is an interdisciplinary artist with an MFA and a background in cultural critique, world-building, and narrative design.
