The Premise

In **Reality's Endgame: Season One**, contestants enter a high-stakes reality show built on deepfake technology and AI manipulation. As the competition unfolds, contestants begin to question their memories, their alliances, and even the evidence of their own eyes. Behind the scenes, Dr. Jean Barre's psychological experiment pushes the boundaries of entertainment and sanity.

Series Concept

The Reality's Endgame series explores a fictional reality competition built on advanced AI video manipulation. Each installment reveals a new phase of the experiment and the psychological consequences for those trapped inside it.
